PALOMA SOLAR PLANT WINS AWARD

EXCERPTS FROM VALLEY FORWARD PRESS RELEASE
October 1, 2012

Valley Forward is a non-profit public interest organization that brings business and civic leaders together to convene thoughtful public dialogue on regional issues and to improve the environment and livability of Valley communities. The organization operates with the belief that businesses must take a leadership role in solving the complex and sometimes controversial problems that confront growing population centers."

Gila Bend's Paloma Solar Plant is the Winner of one of the 17 Crescordia Awards as the best public private partnership:

"PALOMA SOLAR POWER PLANT (*Arizona Public Service*)

A collaboration between APS, First Solar and the Town of Gila Bend, Paloma is a 17-megawatt solar power plant with 275,000 panels situated on a retired alfalfa farm. This zero water-use facility was built in record time and conserves more than 13.3 million gallons of water annually over traditional solar plants."

According to a Valley Forward Press Release, "More than 120 entries were received in Arizona's oldest and most prestigious awards competition focusing exclusively on sustainability initiatives. Winners were announced Sept. 29, at Valley Forward's awards gala attended by more than 600 community leaders at The Westin Kierland Resort in Scottsdale.

Valley Forward and SRP presented 17 first-place Crescordia winners and 29 Awards of Merit. The awards set standards for achieving a balance between the built and natural environment in the region's physical, technical, social and aesthetic development.

"There was a recurrent theme of collaboration and regional cooperation among this year's project winners," said Diane Brossart, president and CEO of Valley Forward. "Sustainability is clearly at the forefront in our community, and it's inspiring to preview such innovative programs directed at preserving natural resources – air, water, open space and our unique desert environment."

The awards competition has become especially competitive among Valley municipalities and government agencies. This year, the city of Phoenix fared especially well, earning six Crescordia awards and four Awards of Merit. Other Valley cities to earn awards include Tempe, Scottsdale, Mesa and the Town of Gila Bend, as well as the Salt River Pima Maricopa Indian Community.

Gila Bend Sonoran Desert Fest

October 2012

On Saturday, November 10th the Gila Bend Chamber of Commerce will put on the Gila Bend Sonoran Desert Fest at the Community Center Park from 10am – 10pm

Chamber Coordinator, Chris Hubbard stated that, " Due to the increased restrictions and regulations the Gila Bend Chamber has been forced to forego purchasing and cooking the shrimp at the annual Desert Shrimp Fest. In recent years the County Health Department has implemented many new restrictions and requirements, practically outlawing everything from cake walks to your children's lemonade stand. When it comes to holding a community event in which food is cooked and served" it has "become next to impossible for Chambers of Commerce and civic organizations throughout the County to put on food-based events such as Gila Bend's Annual Desert Shrimp Fest."

The Gila Bend Sonoran Desert Fest will be a one-day event that showcases Gila Bend as the Gateway to the beautiful Sonoran Desert National Monument. The festival is a fun, family event with contests for the kids, live music by Knucklebone from 6 – 10 pm, carnival, pony carousel rides, beer tent, door prizes and plenty of vendors selling food, merchandise, and providing free information.

For more information on the event or if you are interested in being a vendor or a sponsor, contact Chamber Coordinator Christina Hubbard. Ms. Hubbard's contact information: phone 928-420-1964, email chris.gbcc@hotmail.com or visit the Chamber website at www.gilabendazchamber.com
