

### A Toss of the Coin Determines Winner of Fourth Town Council Seat

September 23, 2014

At the Primary Election held August 26th, residents voted to fill four open seats on the Gila Bend Town Council. The winning candidates were Chuck Turner with 130 votes, Tommy Lee Sikes with 111 votes and Clyde Kreeger, also with 111 votes. Two candidates, Daniel Birchfield and Jesus Rubalcave, both received 105 votes each, resulting in a tie for the one remaining open seat.

According to Arizona Statutes, to break a tie between candidates, a winner shall be "determine(d) by lot and in the presence of the candidates which candidate shall be declared elected". The method chosen by the Town Council to determine the winner was by the toss of a coin. Judge JB Getzwiller was chosen to toss the coin at 5:00pm, on September 23rd prior to the Work Session/Council Meeting. One coin was chosen from the three \$1 coins provided by Town Clerk Beverly Turner, who also read the rules relating to the coin toss. It was determined prior to the toss that Candidate Birchfield would be "heads" and Candidate Rubalcava would be "tails".

All eyes watched as Judge J.B. Getzwiller flipped the coin high and then as it settled on the floor...TAILS! Congratulations to Jesus Rubalcava as the fourth elected Council Member.

This is the first time in Gila Bend's history that a winner of a council seat has been determined by the toss of a coin. In 2009, Carefree broke a tie for a Council seat by drawing cards and every Arizonan knows that Show Low, Arizona received its name by the drawing of a card. (C.E. Cooley drew a deuce of clubs, beating out Marion Clark who, as loser of the draw, had to leave the newly named settlement of Show Low.) Gila Bend joins the ranks of the few cities/towns who have determined a winner "by lot".
